IRONING BOARD COVERS

Rowenta professional ironing board covers are setting a new standard in ironing. Advanced features and the best quality ensure great results time after time.

Installation Instructions

1. Place cover over ironing board.
2. Slide cover over edges of board, starting with the wide side (near iron rest) and working towards the narrow tip.
3. Tighten quick clip until cover is tight around all edges of board, and work surface is smooth.
4. Thread center strap through buckle and back upon itself. Tighten and secure.

Washing Instructions

Machine wash on gentle cycle in warm (86 F) water. Do not wash in hot water. Hang to dry as a dryer will cause cover to shrink. Do not use bleach.
